All seats and covers are subjected to an open/close test.

All WC pans are subjected to an odor leakage test.

Saves water with only 1 Ltr. of water consumption.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

Requires very little space and provides easy bottom cleaning.

Anti Bacterial Glazed

GEN-X GALLERY

Our exquisite range of sanitaryware completes the lifestyle offering to millions of our customers across India. The elegant look, quality and style of our ceramic collection ensures that our loyal customers shall get the best in class. A perfect setting for a rendezvous with class is finally here!

OUR PHILOSOPHY

Deliver more than expectation, and your customer will come back to you only. This is the mantra that we have ingrained into our corporate culture and at every stage we ensure we surpass the conventional limits of expectations - be it material quality, delivery timeline or consumer delight.

DRIVEN BY EXCELLENCE, FOR QUALITY OUTPUT

At Gen-x, our quality principles are set to the highest levels and are at par with the international standards. We believe in delivering only the best to our end consumers and share the resultant glory with the entire family of our dealers.

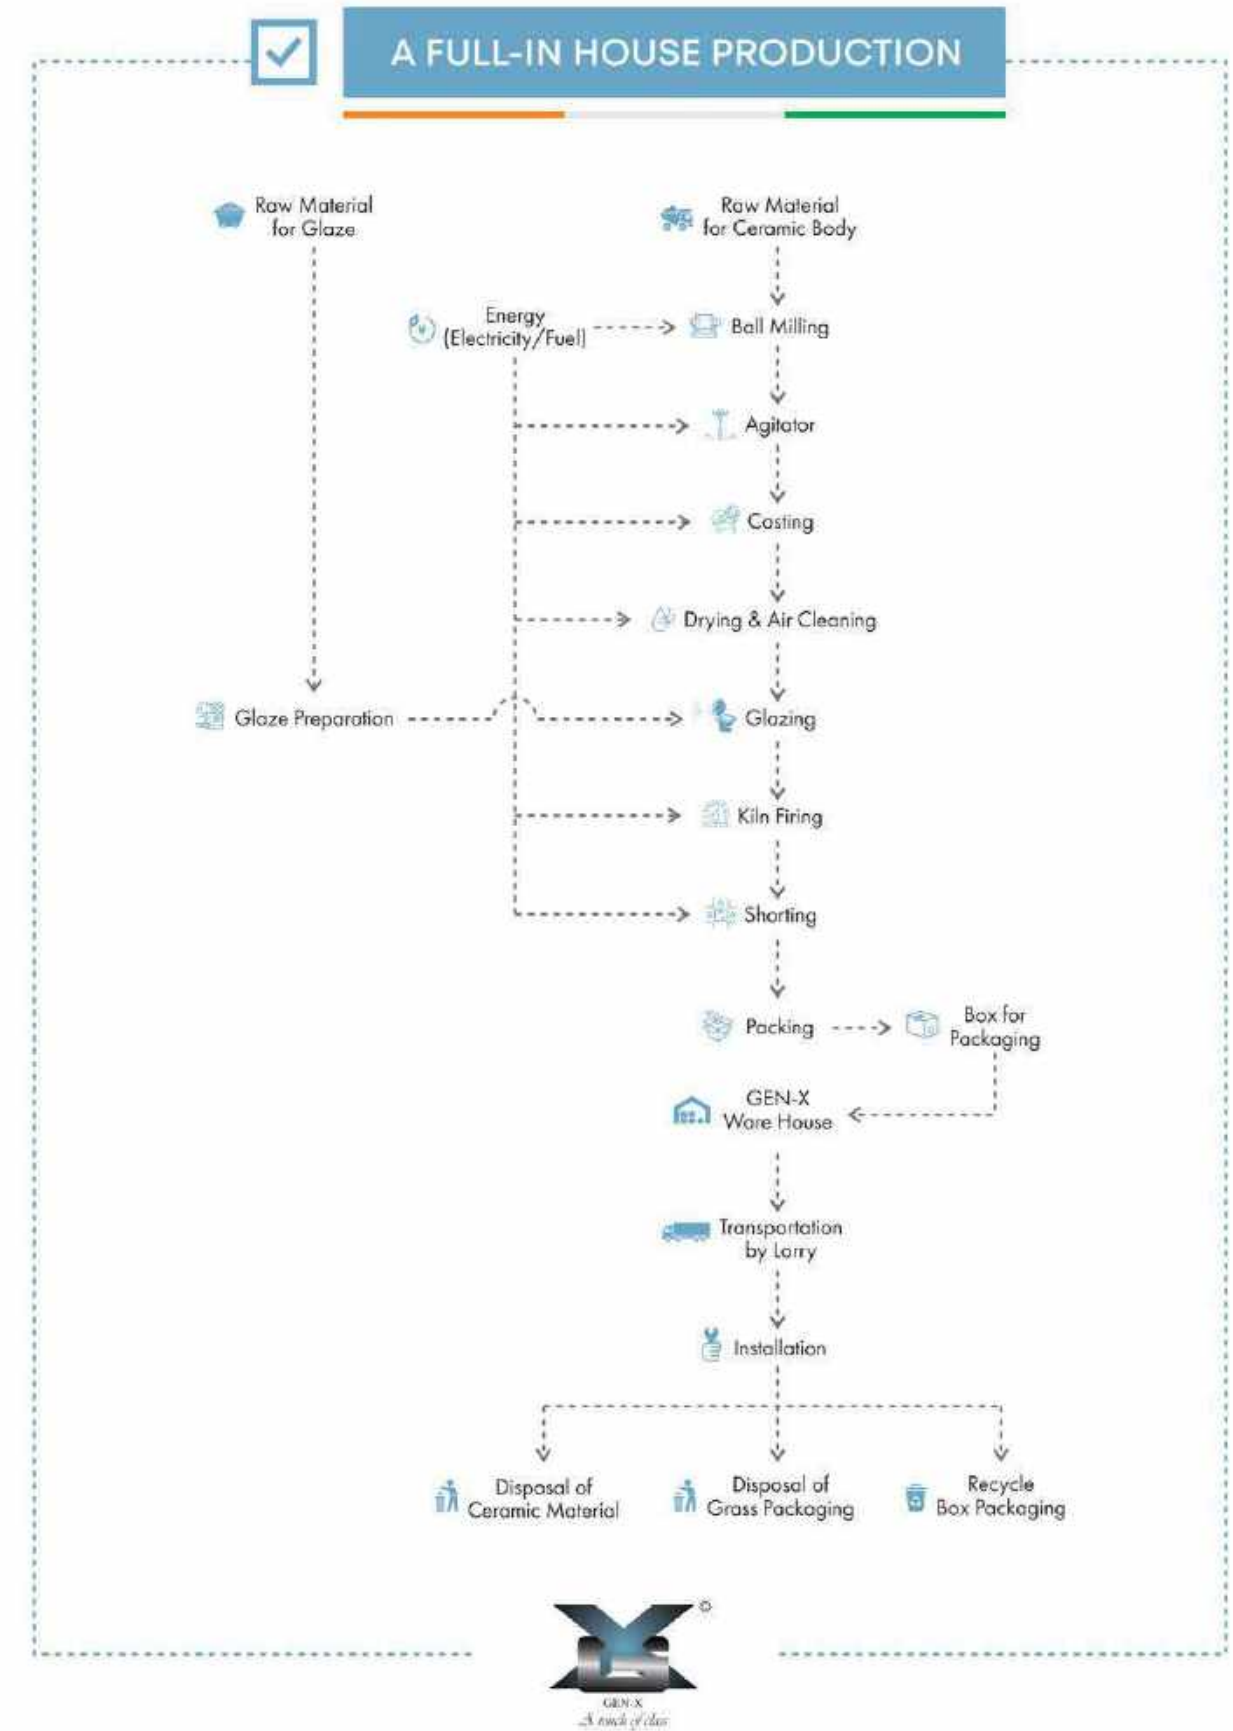

GEN-X TODAY

After establishing ourselves as prominent brand in domestic markets, we are all set to sail into other territories where quality products are in huge demand. With our expansion plans in action, we are triggering a chain of market acquisition spree with our highly acclaimed products. While we rev up our production capacity, we duly ensure our marketing and service network also grows in harmony.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and pre-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin:

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets:

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.

To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby.

In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid.

Clean with a soft cotton cloth and warm water with soap.

Do not use thinner, day cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.

Use brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
